GYMNASIUM AND SWIMMING POOL ARE DEDICATED

Impressive Ceremonies During Formal Opening And Inspection Of High School Improvements

Hundreds of patrons of the Jefferson Union High School District and other citizens attended the formal dedication of the new gymnasium and swimming pool, recently completed, last Sunday afternoon. James Ferguson, the principal of the school, acted as chairman of the afternoon. He introduced Andrew Vireno, president of the Board of Trustees, who sketched the growth of the high school and welcomed all who were present.

Mrs. Stella Jensen, clerk of the board and member of the first board of the local high school, was next presented. She thanked those who had pioneered in the Jefferson Union High School movement and paid tribute to the present administration of the school.

County Superintendent of Schools Pansy Jewett Abbott extended greetings on behalf of the county system. Roy Cloud, executive secretary of the California Teachers Association, extended greetings as a former county superintendent of schools and one who was interested in this high school from its infancy.

Governor Merriam was the chief speaker of the afternoon, having made a special trip to this community in order to deliver the dedicatory address. He stated in part: "Education is one of the great problems of this state, but it is not a great financial problem. In 1933 the people changed the state constitution and now the state contributes largely to the support of schools. In fact \$147,000,000 is the amount for the present biennium."

"California builds highways and supports its schools willingly. The boys and girls are the greatest asset we have; their leisure time is constantly increasing and young people are learning to use it wisely. Adults can use it, too. Our schools are going to be used more in the future," declared the Governor.

Senator Harry Parkman and Assemblyman Harrison Call made brief remarks. Mr. Ferguson introduced the various members of the Board of Trustees, as well as former members of the board and Mayor Selmi, Councilmen Twisten and Cavanaugh; County Supervisors Smith, Hatch, Pool and Beer and former Supervisor Hickey; County Treasurer Sagehorn and Recorder Rice.

Mr. Barnes, who has represented the federal government during the building of the gymnasium, was introduced, as well as the contractor and architect of the building, Louis Nava and George Augustien of the Grammar School Board and Judge Wade H. Clay, along with numerous members of the press, were asked to take a bow.

The Jefferson Union High School band, under the direction of Oscar Busch, played several numbers. Following the formal ceremonies all who were present were invited to visit the entire physical education unit and everyone praised the modern structure and the far-sightedness of those who were responsible for its acquisition.

Publicity Group Asks For Funds

A proposal for a two-cent tax levy to raise approximately \$22,000 of a \$50,000 budget for the San Francisco Peninsula, Inc., advertising campaign in connection with the 1939 Golden Gate International Exposition was before the Board of Supervisors early this week.

The plan was discussed with the board and County Executive E. A. Rolinson by a Peninsula, Inc., committee at a conference early in the week.

It was proposed that the county contribute approximately \$22,000, that Santa Clara county donate \$5,000 and the balance be secured from municipalities.

The board informed the committee the plan would be considered in connection with other county advertising setups.

BULLET IN HEART

A 54-year old ex-soldier, M. Bailleul of Lille, France, discovered, recently, that he had been carrying a bullet in his heart for 23 years. He was wounded in 1915.

Governor Merriam Attends High School Dedication

Governor Frank F. Merriam journeyed from Sacramento, Sunday, June 5, to join in the dedication ceremonies of the new \$20,000 gymnasium and swimming pool of the Jefferson Union High School at Daly City. Among those participating on the program were (left to right): Principal James Ferguson of Jefferson High School, Governor Frank F. Merriam, Assemblyman Harrison W. Call and State Senator Harry L. Parkman.

JOHANSEN WINS NEW HI PLUNGE POSTS ON BOTH SCHOOL BOARDS DURING SUMMER

San Bruno Candidate Is Successful In Contest Over Man From San Mateo

Jorgen C. Johansen, San Bruno creamery proprietor, defeated William H. Taylor of San Mateo for both the San Mateo Junior College and High School board vacancies at the school elections, Friday of last week.

Johansen defeated Taylor, 1109 to 890, for the junior college post, and topped Taylor, 851 to 492, for the San Mateo Union High School post. Johansen will succeed Chairman A. S. W. Grundy of San Bruno, retiring after nine years service on both boards.

A majority in the Burlingame, Lomita Park, San Bruno and Millbrae districts gave Johansen a substantial victory over Taylor for a seat on the San Mateo Union High School district board. In winning a place on the junior college board Johansen carried the San Mateo and Jefferson High School districts and lost only in Half Moon Bay, 54 to 41. Johansen is a San Bruno Grammar School trustee and member of the planning commission.

DALY CITY MAN IS ARRESTED AS HIT-RUN DRIVER

One Car Overturned And Another Damaged And Three Occupants Cut And Bruised

As the result of a collision which occurred at Crocker avenue and Irvington street, Daly City, Saturday evening of last week, three persons were injured and an automobile driver was arrested on a hit-and-run charge.

Joseph C. Allen of Irvington street, at liberty on \$250 bail, was arrested at his home shortly after the collision. Witnesses declared the car he was driving collided with one operated by Gene L. Bianchi, 1477 Fifteenth street, San Francisco.

Bianchi's car overturned, injuring Bianchi, his wife and Miss Patricia Murphy, 1560 Chestnut street, San Francisco. The injured were treated for cuts and bruises at the Villa Sanitarium.

The Bianchi machine struck the parked car of Alvin Gableigh of Whipple street, San Francisco. Gableigh was in the local show house at the time of the accident. His car was badly damaged. The Gableighs formerly resided on Peoria street in Daly City.

Daily Schedule From 2 To 5, 7:30 To 10 Evenings—Adults 45 Cents

All facilities at the new Jefferson Union High School pool will be open for use by the public this summer, announced Principal James Ferguson this week.

Albert Biggs, high school instructor and coach, will manage the pool for the summer season. Suits and towels will be furnished, as usual, at the pool.

Everyone agrees that the new pool furnishes the finest swimming facilities in the entire bay area. Its all-tilt surface, filtration system, under water lighting arrangement and other modern features provide every possible advantage in comfort and sanitation.

Grammar school boys and girls are especially invited to join the Daly City Record Swimming Club and swim free once a week for the entire summer season.

Below follows the pool schedules and rates:

Daily except Mondays—Hours 2 to 5 afternoons; 7:30 to 10 evenings. Admission—Adults 45 cents; high school students with student body card, 30 cents.

YOUTH INJURED ON MOTORCYCLE

Frank Hicks of Hillcrest drive, Day City, is in a serious condition at the county hospital in Belmont as the result of a ride on a motorcycle borrowed from Raymond Hurlbut of San Diego avenue.

The youth struck a curb at Los Olivos and Santa Barbara avenues and was hurled 25 feet along the sidewalk, the motorcycle striking the home of Robert McKee at 92 Los Olivos avenue.

Neighbors conveyed the injured rider to the Villa Hospital for emergency treatment and he was later transferred to the Belmont hospital, where he was found to be suffering from three broken ribs, sprained ankle, internal injuries and numerous bruises.

Raymond Hurlbut, owner of the machine, was himself a recent victim of a crash in San Francisco and is recovering from a broken collar bone.

IMPRESSIVE VICTORY WON BY NUDISTS

Nudists of Lake Elsinore Colony, near Los Angeles, scored an impressive victory, Wednesday of this week, in a ruling by Judge Joseph Call, that their pictures, strategically decorated with black paper patches, are no more damaging to the public morals than everyday scenes on a bathing beach.

JEFFERSON UNION GRADUATES 113 SENIORS OF '38

Six California Scholarship Federation Members In Class

Class of '38, 113 seniors, formally ended four years of study and were graduated from Jefferson Union High School Wednesday evening of this week. This year's class is the largest to ever leave the portals of the local school.

Robed in caps and gowns, the graduates marched into the high school auditorium and to the stage before a capacity house of parents and friends. Reverend Merlin Donalson gave the invocation.

Florine Capurro rendered the address of welcome. Minola Ford discoursed on "Citizenship" and Mark Kanter orated on the subject, "How Can Peace Be Preserved?"

Musical numbers were given by the high school orchestra and a capella choir.

Before presenting the class, Principal James Ferguson read a number of challenges, prepared and written by faculty members, to the outgoing seniors. "To give as well as receive in order to get the best out of life" was one of the main themes of these challenges.

Andrew Vireno and Mrs. Stella Jensen, members of the high school board of trustees, conferred the diplomas. Benediction was pronounced by Reverend Edward Noonan. Members of Chapter 194, California Scholarship Federation, acted as ushers.

The exercises were impressive and will long be cherished in the memories of those who heard them. The members of the graduating class have proven themselves worthy of a future laden with useful activity, the goal success.

CONCENTRATED SAFETY TREND

There have been some definite trends in traffic safety activity. Nineteen thirty-five was marked by a period of emotional appeal, with such publications as Sudden Death and Better Off Dead leading the parade. In 1936 these methods were largely abandoned.

The National Safety Council adopted a five year program with the goal of 35 per cent reduction in traffic accidents by the end of 1940. This is a recognition of the futility of spasmodic drives that usually result in a return swing of the pendulum.

Safety leaders of America have settled down to a long time, consistent effort on a balanced program of engineering, enforcement and education (the three E's). Never has there been more scientific study in this field.—San Mateo County Traffic Safety Commission.

COUNTY BOARD FAILS TO BACK CITY LAND DEAL

Opposed On Grounds That Initiative Should Be Taken By Municipalities

The Board of Supervisors, early this week, declined to adopt the county planning commission's recommendation that the county take the initiative in establishing the Coyote Point play area when the proposition met strong opposition from Supervisors Fred E. Beer and Alvin Hatch.

Hatch declared that the cities of San Mateo, Hillsborough and Burlingame, supposed to join the county in financing the land purchases and costs of improvements, had made no attempt to start the program.

Protest of the Business and Property Owners Association of Burlingame to any expenditure until the proposition is approved by the people, had been previously filed with the board.

"Success of the project," declared Supervisor Beer, "is going to depend on the united effort of the cities and the county. I don't think any one party could go ahead with acquisition of its portion and make a success of it alone."

"In view of some of the more recent opinions expressed, I think the project should go to a vote of the people. This board has signified its willingness to go through with its part, but we want the backing of the voters."

The board passed his motion that "the matter be continued for further consideration and consultation with a view to ascertain the wishes of all parties concerned, to put the matter up to the people and let them vote on it as they desire."

The board members heard assurances from Winfield Scott, secretary of the San Mateo County Civic League, that a definite proposal would be made to the board within 10 days for acquisition of the Butano forest lands.

Scott said the proposition will come from Dr. Ray Lyman Wilbur, president of Stanford University. Details of the proposition will not be disclosed until it is submitted to the board, he declared.

A resolution authorizing Executive E. A. Rolinson to file an amended application for PWA funds for the court house annex was adopted by the board. Revised plans showed an elevation three stories high with a modern front. Cost of the building, it was estimated, will be \$238,000 of which the federal government will be asked to contribute \$113,000.

BADEN OPENING SEEN BY TWELVE THOUSAND FANS

Younger Greyhounds Starting Each Night In Preparation For California Derby

Baden Kennel Club, the popular South San Francisco greyhound racing oval, swung into the first week of its 1938 meeting after one of the most successful opening nights in years. More than 12,000 persons thronged the big racing plant last Saturday night to see the pure bred racing dogs flash around the quarter-mile track in pursuit of the mechanical rabbit.

Winner of the Inaugural Trophy Race, traditional opening feature, was a San Mateo County greyhound named Vice Versa, owned by Ralph Russell of Colma. The big brindson of imported Unsidedown came from far back to overtake the fleet Sierra Snow and win going away in 29:1 seconds for the futurity distance.

Scores of new greyhounds, many of them pups brought to Baden especially for the \$1000 added California Derby to be run later this season, are starting nightly. The first race has been reserved for these beginners to enable them to get a fast start on the road to racing fame.

Baden's new \$2000 results board and its enlarged program are meeting favor with the fans.

BRISBANE DEPOT DEMOLISHED BY MYSTERY BLAZE

Three Fire Departments And Southern Pacific Crew Failed To Halt Flames

One of the Peninsula's oldest landmarks was completely destroyed, Monday afternoon of this week, when fire demolished the Southern Pacific depot and adjoining freight shed at Brisbane junction in a blaze of unknown origin.

The buildings were burned to the ground with an estimated damage of \$12,000.

The fire was first noticed at 3:18 p. m., when smoke poured out of the southeast corner of the station, occupied by a Southern Pacific guardsman, J. A. McHugh, his wife, and a step-daughter, Miss Alice Campbell. McHugh and his wife were away when the blaze started, and Miss Campbell escaped without injury.

Hundreds of motorists on the Bayshore highway and commuters were attracted by the fire. The station was located but a few hundred feet east of the highway.

Brisbane, Visitation Valley, and San Francisco firemen and Southern Pacific fire-fighting crews fought the flames in vain.

There were no hydrants in the area, and the only available water supply was from switch engines with water tenders. One of the switch engines drew alongside the burning building and threw streams of water on the flames.

A fire engine dispatched by the San Francisco Fire Department pumped water from the tender of another switch engine.

The adjoining Southern Pacific ice packing plant, where refrigerator cars are loaded, and the nearby cattle loading chutes were in danger for a while, although the fire-fighters kept the blaze confined to the two buildings.

MOUNTAIN AUTO PLUNGE FATAL TO SAN BRUNO MAN

Failure To Negotiate Curve Causes Car To Careen Over Embankment

"Too much speed" today was blamed by state traffic officers for a spectacular automobile accident on the Half Moon Bay road which claimed the life of Jack Scheidt, 21-year old San Bruno youth, and seriously injured John Thompson, 17, of Millbrae, late Monday afternoon of this week.

Said to have been traveling at a high rate of speed, Scheidt's coupe, with Thompson at the wheel, skidded out of control as it neared a bridge over a creek a mile west of Half Moon Bay.

The machine struck the highway shoulder, careened back across the road, overturned, crashed into the bridge railing, catapulted into the air, struck a tree and rolled into the creek, a witness, Ernest Diggs, rancher, told State Traffic Officer Jack Quinlan.

Scheidt and Thompson were hurled from the car to the creek bank.

Young Scheidt, who came to the county from San Francisco a year ago and has been living with a sister, Mrs. Marie Dowdy, in San Bruno, suffered a fractured skull and broken neck and was pronounced dead upon arrival at Mills Memorial Hospital.

Thompson, whose home is at 21 San Mateo avenue, Millbrae, escaped with a fractured leg and severe bruises. His condition was reported as good at the Community Hospital.

Authorities said the car apparently went out of control as the youths started down the incline and failed to negotiate a curve. A wooden guide-rail was insufficient to stop the car's plunge.

Scheidt had been resting at home for about a week and was expected to return to work in a few days. He had been cut while on the job and was granted sick leave.

Surviving are the youth's parents, Mr. and Mrs. George Scheidt, of Kern; four brothers and seven sisters.

ROCKAWAY BEACH PEDRO VALLEY

By C. H. T.

The broad, flat fields of Pedro Valley proper have had their usual face-lifting for springtime planting, and the rich black earth is lovely to see. Not so many artichokes, this year, however, in the meadows formerly farmed by the Maracci group. We will miss them as the season advances, for they presented a beautiful appearance as they spread their feathery leaves and opened their huge purple flowers.

The Harry Rees fields adjoining the highway have been plowed. What crop is to be planted nobody seems to know. Our own personal guess is peas. What about it, Harry?

This village had a distressing sight last Thursday a week, when, at about 9 o'clock in the evening, the McCart house on Pedro Beach burst into sudden flames that roared their swift way to total destruction of the place. It is thought the fire was caused by defective wiring that, unsuspected, started the blaze in the temporary absence of the owner, Bob McCart who, with his friends, was enjoying a stay there. A number of local residents dashed to the rescue, the first being Mr. and Mrs. Sant, of the Beach, who worked hard but unsuccessfully to save the house, trying at the same time, to prevent the next-door cabin from catching fire. If it had not been for their efforts the entire row of cabins would probably have been consumed.

That Pedro burro, Jinny Hee-haw, still lifts his voice at odd moments of the day in loud notes that carry far and wide. Jinny is a decidedly picturesque object in the local western scene. Long may he continue to salute—whatever it is that he does salute!—and awake the echoes in this neck of the woods.

Gladys Strutz' brother in law and sister, Mr. and Mrs. Watkins, spent last week at the Strutz home.

The William Johnsen's are adding new plants to their flourishing garden, including that on the roof.

The Bohr house painting is finished. It looks as fresh as a June bride in a white gown.

Mrs. George Olmo, who has been seriously ill for the past six months, is improving, and able to be again active in her house and garden.

The street sign at the junction of Grande avenue and Park avenue resembles a wayside cross.

The Carl Runnings are building terrace holds to keep the bank from sliding any more than it has already done. They plan to begin the construction of their summer cabin at an early date.

The Eustace lots have installed water pipes for drainage.

A school picnic at Vallemar was of interest to local children and their parents last Thursday.

Mrs. Becky Johnson's bluebirds would like to add a room to their cramped quarters in the tiny bird house where they have nested since April. Now that the young fledglings are growing, the house is too small. Soon, however, they'll be taking wing and flying away, with the great sky for a home.

Russell Lewis, son of Mr. and Mrs. George Lewis of Shelter Cove, was a member of the graduating class at Lowell High, which held its ceremonies Wednesday, June 8. A friend tells us that Russell's marks were "better than a B plus," which augurs well for a good start in life. Congratulations!

WILL HOLD BAZAAR

The Willing Workers Missionary Society of the Brisbane Community Church are having their Bake Sale & Bazaar at Butch Muderback's new store on Visitation avenue all day today, starting at 10 a.m. They are displaying for sale, a nice variety of salads, and the results of their handwork. Come in and look it over.

Roosevelt Fiancee Not Camera Shy

Pretty Anne Lindsay Clark (above) of Boston, with her fiance, lanky John Roosevelt, youngest son of the President, faced battery of fifty press photographers at her home recently. It was her first taste of what it will mean to be a member of the nation's first family. Meanwhile, at Harvard University, it was reported that young Roosevelt had passed his examinations and is eligible for graduation. He will not be present when the diplomas are handed out June 23. He will be honeymooning.

DISTRICT BOARD OF SEVENTEENTH PLANS PROJECTS

Look Ahead To Another Twelve Months Of Educational Achievement

Looking ahead and planning another year of achievement in Parent Teacher endeavor, the executive board of Seventeenth District held its first meeting Monday afternoon of this week in the Burlingame Library with Mrs. B. D. Ralston presiding. Program activities and projects for the coming term were discussed.

The program theme chosen for the year is "Purposeful Growth—The Child's Right, The Adult's Responsibility." This coincides with the state theme. Parent education will be stressed throughout the year with special classes and conferences arranged.

Chairmen were ratified to serve for the coming year.

Newly elected officers of the district include Mrs. Ralston, president; Mrs. Stella Jensen, first vice president; Mrs. Carl Benninghoven, second vice president; Mrs. George Bruns, third vice president; Mrs. Frank Steele, fourth vice president; Mrs. F. M. Stanger, fifth vice president; Mrs. William Fuhr, sixth vice president; Mrs. Ray Boulton, seventh vice president; Mrs. W. R. Dunn, recording secretary; Mrs. F. L. Kneuper, financial secretary; Mrs. L. H. Rankin, treasurer; Mrs. W. S. Steele, auditor; and Mrs. M. Phillips, historian.

FINDING OF BODY SUNDAY SOLVES MYSTERY DEATH

Obscured From View Of Passersby On Highway By Obstructing Rocks

The body of Otto Imsand of Eighteenth and Capp streets, San Francisco, was discovered near Princeton, Sunday of this week, by a passerby. It was found only four feet from the highway, but lying among rocks so that it was not visible from the road.

Mr. Imsand, his family said, had been missing since Friday, May 28, when he had left for Princeton to visit friends over the Memorial Day Holidays. From the condition of his body, it was believed that he had been dead since that time. He had died of a frontal fracture of the skull, apparently suffered when he fell, while walking, from a rock embankment built up to support the highway, after being struck by a passing machine.

Deceased was a steam fitter by trade and was 44 years old. He was a member of the Loyal Legion, having served for 27 months in France during the World War.

He was the husband of Cecile Imsand; son of John Imsand, and brother of Mrs. Freda Christen of Daly City, Mrs. Julia Crane and John Imsand Jr. of Palo Alto.

Funeral services were conducted from the Dutra mortuary establishment in Half Moon Bay, early this week.

Centennarian Still Uses Corncob Pipe

After lighting her corncob pipe, recently, Mrs. Belle Airington of Durant, Okla., remarked that she felt fine after observing her one hundred eighth birthday.

"Yes; I still smoke my pipe," she said. "I've done it since I was a girl. I also have a clay pipe. I smoke that and this one daily."

Mrs. Airington was born on April 3, 1830, in Kentucky, but she doesn't remember the town or county.

LECTURES TO BE NOVENA FEATURE

The Reverend Robert S. Kirkpatrick, C. S. S. R., a member of the faculty of Holy Redeemer College and a distinguished missionary, will open a Novena, this Friday, June 10, in honor of Our Lady of Perpetual Help at the church of the same name in Daly City.

In his lectures the speaker will cover the whole field of Mariology. These lectures will be delivered daily at 3:30 and 8 p.m., covering a period of nine consecutive days and closing at the last Sunday afternoon session with a solemn procession.

Mrs. Gertrude Emory of Evanston, Ill., knocked out two teeth by running against a door in the dark, and swallowed them.

When Peter Maguire of Philadelphia ripped up the flooring beneath his bed to discover the cause of the buzzing noise which kept him awake, he found thousands of bees and 100 pounds of honey.

"Back in jolly old England a tea kettle is treated with some respect. A tea kettle is kept to its traditional use of boiling water with which to make a 'spot o' tea.' But here in the good old U. S. A. there are folk who make me boiling mad. They expect too much from me.

"To my way of thinking, hot water should come a-running from a pipe when silken dainties are due for washing, when the family dog is to be soaped and scrubbed, or a little boy's hands need whitening up, or a little girl's hair is to be shampooed to silky softness." signed TOMMY TEAKETTLE

Heating water in a tea kettle is expensive. More heat escapes into the kitchen than goes into the water. But hot water from an Automatic Gas Water Heater, where water is kept stored hot in an insulated tank is very low priced hot water service. Today you can buy an Automatic Gas Water Heater for your home for as little as ten cents a day. Then you will have hot water service that is faithfully yours 24 hours a day, for bath, showers, dishwashing, cleaning, and a score of other conveniences.

Visitacion and Bayshore News

BAYSHORE NEWS

Irene Mardecich

Bayshore Post American Legion participated with other Legion posts all over the country when a Disaster Call was made at 6:00 p.m., Tuesday evening of the week. Officers of the Sanitary Board, Fire Board, City Council and Water Department, Police, Firemen, Boy Scouts and Legionnaires responded and signed their names on the roster. It is hoped that the Bayshore Post has made a good showing.

The Bayshore City Council last Tuesday evening opened sealed bids for pipes, fittings, and fire hydrants for the new water system to be installed in the Schwerin Addition. The project will be under PWA and the direction of Engineer Robert Klassen. The contract for the pipe was awarded to the Pacific States Pipe Co.

The Bayshore Boy Scout Troop will hold a whist in the Voters League Hall on Sunday, June 12. There will be many valuable prizes so come and give these boys a helping hand and, at the same time, have a good time.

Mr. and Mrs. Max Little and son, Richard, are vacationing in Oregon. They also visited Crater Lake and report to friends that they are having a good time.

Fire Chief Leslie Parker has resigned as Chief of the Bayshore Fire Department. The board will appoint a new Chief at the next regular meeting.

Assessment Work Of Year Suspended

At the national capital, Tuesday of this week, the Senate voted to suspend, for the current fiscal year, the annual \$100 assessment work requirement on mining claims held by location in the United States, ignoring objections of the Interior Department.

ROADS AND FARMLANDS COVERED IN CALIF. FLOOD

Summer sun, in the wake of one of the most severe California winters in years, recently gave the San Joaquin Valley a delayed drenching in five flood-swept sections of the state. Damage was estimated between \$500,000 and \$1,000,000. Greatest damage was in the normally dry Tulare Lake bed south of Hanford, where 30,000 acres of grain were inundated. Another stricken section was the river lowlands around Stockton and Tracy, where main highways were covered for miles. Photo above shows a farm family near Stockton putting a rowboat to unexpected use.

NEW FIELD OPENS FOR CHANNING

George Channing of San Francisco, Christian Science Committee on Publication for Northern California, was recently appointed as one of the five new members of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., at its annual meeting held in Boston.

Mr. Channing is a graduate of Brown University, a law student at Yale and Boston Universities, and was engaged in newspaper work for ten years, which was interrupted by service as a soldier overseas during the World War.

At the close of the war he received healing in Christian Science and shortly thereafter became a member of the Mother Church in Boston. For two years he was advertising representative in San Francisco for the Christian Science Monitor.

He is a member of Fifth Church of Christ, Scientist, San Francisco, and has served as its First Reader and President. He has also served three years as Christian Science Worker in San Quentin Penitentiary. He received Christian Science prim-

ary class instruction in 1926 and entered the public practice of Christian Science in the same year. In 1934 he received instruction in the Normal Class of the Board of Education and became a teacher of Christian Science. Since 1932 up to the time of his new appointment he has served as Christian Science Committee on Publication for Northern California.

Lesson Sermon Of Christian Science

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, June 12, on the subject "God the Preserver of Man."

The Golden Text will be: "As birds fly, so will the Lord of hosts defend Jerusalem; defending also he will deliver it; and passing over he will preserve it" (Isaiah 31: 5). Bible selections will include the following passage from Luke 5: 12, 13: "And it came to pass, when he was in a certain city, beheld a man full of leprosy: who seeing Jesus fell on his face, and besought him, saying, Lord, if thou wilt, thou canst make me clean. And he put forth his hand, and

touched him, saying, I will: be thou clean. And immediately the leprosy departed from him."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Mortals obtain the harmony of health, only as they forsake discord, acknowledge the supremacy of divine Mind, and abandon their material beliefs. . . . The action of so-called mortal mind must be destroyed by the divine Mind to bring out the harmony of being" (p. 400).

D. C. Scouter On Camp Lillienthal Staff

Joseph Straughan, Cubmaster of Pack No. 141, has accepted an appointment at the summer camp in Marin County and will leave on June 21.

The local man will be assistant camp director in charge of hiking, nature study and outdoor scouting projects.

Mlle. Hortense Bildaille of Paris was disinherited by her father because she ran away from a convent and became an actress.

AUTHOR OF PLAY IS MILLIONAIRE IN RUSSIAN RUBLES

They Put Him In Jail, But He Wrote One Of Most Lugubrious Plays Ever Produced

When Russia started out on its first five-year program there was much to be learned by "cut and fit" before it could be made fully operative. A stern dictator could be stern, but still he apparently did not have all the answers. Among the problems that arose which were to be dealt with—"cut and fit"—were the twin problems of romance and housing. It is with these two questions that "Squaring the Circle," internationally famous farce comedy opening at the Alcazar Theater next Monday, June 13, deals.

"Squaring the Circle" is by Valentine Katayev. Mr. Katayev is described as being bumptious, debunking. He was a former prisoner in a Cheka calaboose in Odessa for his aptness with a typewriter, but this did not deter him from taking probably the same typewriter in lap and, unafraid of the frosty stares of Soviet officials and glowering secret police, grinding out one of the funniest plays ever written and certainly the most mirth provoking that ever came out of lugubrious Russia. It has been going ever since and its royalties have made of the fun loving Mr. Katayev a millionaire (in rubles), as strange as that may sound for communistic share and share alike Sovietland. The play will be directed by Alan Williams and it will have an excellent Federal Theater cast.

"Prologue to Glory," the Abe Lincoln classic that has held the stage for the past month at the Alcazar, closes Saturday night.

INVITED TO RODEO

President Franklin D. Roosevelt recently received an invitation from the California rodeo reception chairman to attend the rodeo in Salinas next month.

BAYSHORE PTA

Mrs. Beatrice Jeppeson, Publicity Chairman

The graduating class of 1938 and their teacher, Mrs. Plumb, were the honored guests of the P. T. A. at a theater party at Golden Gate Theater and refreshments at Haas Candy Store on May 31.

On Friday, June 3, graduation exercises were held in Bayshore School, when the whole 8th grade of 7 boys and 6 girls were presented with their diplomas, and awards. The class consisted of Dorothea Durbin, Mary Hiatt, Wanda Bacon, Loraine Cook, Estelle Moran, Glenora Randig, Robert Grimes, Joseph Edwards, Raymond Shiffman, Richard Wittmer, Ernest Masry, John Barnes and Joseph Walling. Glenora Randig was presented with first award for penmanship and Dorothea Durbin an award for improvement in penmanship for 8th grade. Betty Holt received a penmanship award for 7th grade.

Each graduating girl received a service award of a sweater emblem of Bayshore School and the boys received traffic certificates as they are our traffic squad.

A large number of parents and friends were present to enjoy this program.

On Tuesday, June 7, Mrs. Gaines, president of Bayshore P. T. A., held a Round-up party of her executive board for ratification of her chairman and to discuss plans and outlines for the coming year. Fourteen members were present and enjoyed a very pleasant afternoon. Mrs. Gaines served delicious refreshments.

Don't forget the P. T. A. whist June 17th in the Bayshore Voters League Hall at 8 p. m.

The Round Robin can has been laid on a shelf—anyone finding it please notify Mrs. C. Hiatt so she can get it on its way again.

Bayshore Unit was well represented at the Seventeenth District Get-together which was held on Thursday night, May 26, at Pig 'N Whistle candy store. Mrs. Miller, president, of Seventeenth District, was presented with a small gift of friendship.

A GOOD PLACE TO LIVE!

BRISBANE GENERALITIES

Community Church Bake Sale and Bazaar at Butch Muderbach's, today—don't miss it!

In the largest fire our area has had since the Hansen Ranch, the S. P. station across the highway from Brisbane burnt to the ground between 3:20 and 4:30 p.m. last Monday. The Campbell residence, located on the second floor of the station, was the last section to go, with the exception of a few household goods and bedding and a few pieces of clothing there was a total loss.

All of which brings up the old question of our own inadequate protection from a like fire in our own district. While it is true that several valuable minutes were lost by our local fire fighters deciding whether they should leave their district to fight fire; their lack of needed equipment was very apparent. Despite the excellent new truck, very little impression could be noticed. It is impossible for the trucks to carry enough water to make a dent in a fire of any size.

Some time back we jokingly remarked that we had been reduced to a one-horse town, with our friend Bud Sweet the owner of the town's one and only horse. We are beginning to think that the statement might have a little truth in it. The only way we can increase the efficiency of our department is by installation of fire hydrants and a sufficient supply of water to carry the load. The local water company claims their pipes are large enough; the fire commissioners claim they can drain the pipes and the water tanks in the houses causing additional fires. Result: a stand still. We still maintain the cart is before the house and will remain so until a needed number of fire hydrants are installed. The fire commissioners have been working to have them installed for several months, but to date have received little more than promises. If the townspeople will get behind the commissioners, they have elected and helped them to accomplish these needed improvements, possibly we can have the improvement that is needed. Excellent work was shown by several departments, with special mention due to Mr. Touffert, Mr. Van Zant, Mr. Heinzer, Mr. Darling, John Horn, and several others whose names are unknown to this writer.

As a result of the S. P. fire, the commissioners were forced, last Monday night, to again lay down the hard and fast rule that no piece of equipment shall leave the district. All of which means this. If you, a taxpayer and resident of Brisbane, were turning into or out of town and were hit and knocked to the road, the department could go no further than the roadway and have to sit there and watch you bleed to death—the first aid materials are part of the equipment. Further, our refusal to aid anyone outside our district prevents our securing aid from other departments. If we were to have a fire of any size, it is impossible to secure water in any quantity away from our pond. We haven't the means of pumping water from the pond for more than five blocks. All of which puts us back to the need for co-operation with our neighboring companies. Are you sufficiently interested in protecting your own home to attend the next fire commissioners meeting and voice your opinion? The commissioners are elected by you—they are open minded to your suggestions.

We are happy to report that Virginia Bhend is up and around again.

The American Legion nominated their officers last Thursday evening.

Mrs. Frank Potter entertained a number of friends at a luncheon the past week.

Mrs. Jean Coffin is planning on leaving Brisbane for a short vacation at Yosemite. She is taking her daughter, Jean, and Peggy Watson.

Well folks, the queen contest is on again with a silver cup and a cash award for the winner. It is open to all Brisbane girls between the ages of 16 and 25. When you purchase anything from local mer-

chants, secure your votes at the rate of one vote for each ten cents of your purchase; for example, a one dollar purchase entitles you to ten (10) votes. Write the name of your choice on the ballot and cast it in the box located in all co-operating stores.

June 30, 1938, the votes will be counted; the girl that has the most votes will be queen. She will be crowned at the grand ball on Saturday night, July 2, and will be queen for the 3rd and 4th. On July 3rd, she will be presented with a loving cup and a cash prize. On the 4th, she will be in the parade with attendants. There will be races and other contests.

Those that wish to enter a float in the parade are asked to get in touch with Mr. C. Knaus at 268 Klamath.

Mrs. A. E. Aldrich is visiting with her daughter and son-in-law, Rev. and Mrs. Merlin Donaldson. She will probably be in Brisbane three weeks to a month.

The Brisbane A. C. is again playing a ball game (they hope) Sunday at Glen Park, San Francisco, with some other team in the Recreation League. Wish you luck, boys. After two weeks practice the boys should be good. The boys are looking forward to their new suits that are being obtained through the co-operation of the Brisbane merchants.

Jack Rhoads and Walt Campbell are going up to Yakima, Wash., to work. They plan to leave Friday or Saturday.

The School Trustee election is over for another year, with Mrs. Ethel Jonas winning with 230 votes; John Ham second with 86 votes; Mr. Wheeler third with 84 votes; and Sue Burns, 79.

Hay fever finally caught up to Marie Smith and her brother Harvey, putting Marie to bed and slowing Harvey down.

Max Nunn, who this past year made the six man "All American" football team as quarterback, has been visiting with his brother and family. He expects to remain for the summer, then return to college.

Mrs. Helen Grant has purchased the home of Mr. and Mrs. McPherson of Trinity road and will be moving into Brisbane shortly.

Harold Annis graduated from Lowell High in San Francisco last Wednesday and expects to continue his studies in the fall.

The Community Church vacation church school starts Monday morning at 9 a.m. All the children of the area are invited to attend.

Peggy Watson celebrated her 16th birthday last Thursday and had a party at the home of Jean Coffin, with about 40 of the young people in attendance.

Mrs. Lucille Donaldson is in bed with a case of tonsillitis.

BRISBANE P T A

Executive board members, attention! Regular monthly meeting of this committee will be held on Wednesday, June 15, at 2:00 p.m. in the school auditorium. Remember the day, Wednesday, June 15, 1938 at 2:00 p.m.

MABEL L. GULL, President.

L. A. Is Scene Of U. S. Shrine Convention

Thousands of red fezzed Shriners took possession of Los Angeles recently during the sixty-fourth imperial council session of the Mystic Shrine. Nobles from all parts of the nation paraded with patrols, bands and drum corps from railroad stations to hotels assigned them. Above, Potentate Reginald P. Faithful of Aloha Temple, Honolulu, is greeted by a bevy of grass skirt welcomers.

San Diego Rocked By Two Temblors

An earthquake of No. 1 intensity was reported, Monday of this week, to have occurred at San Diego.

The temblor, vibrating down from the north, jarred San Diego at 4:36 a.m. for the second time within twelve hours.

A forty-five-second quake was recorded at 6:43 p.m. Sunday.

No damage was reported from either quake.

NOTE OF THANKS

To my friends and neighbors of Brisbane and Bayshore: I wish to thank them for their generous support in my re-election for School Trustee of the Visitation School District. This proves to me that the people have faith in me and the Board to accomplish the most for the welfare of our children.

ETHEL JONAS.

"You spend as much on clothes as my secretary earns in a year!"
"You should raise the poor thing's wages, dear." — London Evening News.

Court House Annex Plans Are Altered

The front annex to San Mateo County's court house will be three stories instead of a two story and basement structure, it has been announced. Plans have been revised by Architect Will Toepke to raise the basement to a first floor.

The formal application for PWA assistance, the allocation of space and other details were considered at Tuesday's meeting of the board of supervisors.

County Publishers Meet On Coastside

Problems pertaining to the newspaper publishing business were discussed and reports heard on progress of San Francisco Peninsula Inc., organization formed to publicize the Peninsula, when publishers of San Mateo County newspapers held their monthly meeting, recently, at Frank's Marine View Hotel at Moss Beach as guests of George Dunn, Half Moon Bay publisher.

The meeting next month will be at Menlo Park, where newsmen and their wives will be guests of L. Harris, president of the county association.

If you patronize Sun advertisers you help your home newspaper, and help yourself thereby.

AT THE STATE THEATER SOUTH SAN FRANCISCO

Tomorrow and Monday, the State Theater is featuring that well matched couple, Claudette Colbert and Gary Cooper in the funniest picture since "Mr. Deeds Goes To Town." In the current picture, Bluebeard's Eighth Wife is the rollicking story of a young man and his eighth wife. You can't afford to miss it.

Next Saturday night, the State Theater is giving away a beautiful studio couch as an added attraction to the picture, "The Adventures Of Tom Sawyer." Everyone that has read the book will be able to recapture their experiences while reading. Those who have missed reading, will relive their youth. One of the leading books of our day portrayed on the screen with a splendid cast.
